

Our Patient Portal Is Here!

Our Patient Portal is now active! It will give you quick and easy access to important parts of your children's medical records. You will be able to see, print, and download this information at your convenience, without having to call the office. You can keep track of important dates, milestones, prescriptions, and immunizations. Communicate directly with your child's doctor. Request prescription refills. Please follow the Patient Portal tab that can be found on the main menu.

Patient Portal

At your next visit to our office give the email that you would like associated with your portal account. (Only 1 email per account per family)

At that time they will give you a temporary password. (you will be able to change the password at sign on)

Go to: <https://belliacres.patientmedrecords.com/> (or click the link at the top of our Home page)

You may, only, receive your temporary password at a visit to our office.

1. Click on "My Account" to update your contact and personal information
2. To set a new Password, click on "Portal Account" tab. You will be able to set up a "Reminder Question" for extra security.
3. Click on child's name, then "Patient Information" to see details about that child
4. Return to "Family" to search another child in your family.
